The existing collections include petitions by video programming providers, producers, and owners for exemptions from the closed captioning rules, responses by commenters, and replies; complaints by viewers alleging violations of the closed captioning rules, responses by video programming distributors (VPDs) and video programmers, recordkeeping in support of complaint responses, and compliance ladder obligations in the event of a pattern or trend of violations; records of monitoring and maintenance activities; caption quality best practices procedures; making video programming distributor contact information available to viewers in phone directories, on the Commission's Web site and the Web sites of video programming distributors (if they have them), and in billing statements (to the extent video programming distributors issue them); and video programmers filing contact information and compliance certifications with the Commission.

On February 19, 2016, the Commission adopted the Closed Captioning Quality Second Report and Order, published at 81 FR 57473, August 23, 2016, amending its rules to allocate the responsibilities of VPDs and video programmers with respect to the provision and quality of closed captioning. The Commission took the following actions, among others:

- (a) Required video programmers to file certifications with the Commission that (1) the video programmer (i) is in compliance with the rules requiring the inclusion of closed captions, and (ii) either is in

compliance with the captioning quality standards or has adopted and is following related Best Practices;
or (2) is exempt from the captioning obligation and specifies the exemption claimed.

(b) Revised the procedures for receiving, serving, and addressing television closed captioning complaints in accordance with a burden-shifting compliance model.

(c) Established a compliance ladder for the Commission's television closed captioning quality requirements.

(d) Required VPDs to use the Commission's web form when providing contact information to the VPD registry.

(e) Required video programmers to register their contact information with the Commission for the receipt and handling of written closed captioning complaints.
